

ENTERS UPON  
ARDUOUS TASKMexican Finance Minister Trying  
to Arrange Peace.

## NO PROPOSALS FROM REBELS

Senor Limantour Warns Mexicans That Danger of International Complications Increases and Pleads With Them to Rally to the Support of President Diaz—Rebels Preparing to Make an Attack Upon Hermosillo.

Mexico City, March 21.—With a warning to all Mexicans that with every day the rebellion continues the danger of international complications increases, a plea to them to rally to the support of General Diaz, and a declaration that the government never can enter into peace negotiations with individuals in arms, Finance Minister Jose Yves Limantour entered upon the task of pacification which the world at least has set for him and up on the outcome of which the world is interested.

Mr. Limantour called upon the president at the national palace. The meeting was cordial in the extreme, the old time friends shaking one another by the hand and embracing repeatedly. Then followed a conference lasting more than an hour at which no other person was present. At its conclusion Senor Limantour said that only generalities were discussed.

Senor Limantour asserted that the statement that he was the bearer of conditions for the establishment of peace, placed in his hands by the Maderos in New York, was an absurdity.

## HERMOSILLO IS MENACED

Insurrectos Reported About to Attack the City.

Nogales, Mex., March 21.—Hermosillo, capital of Sonora, is believed to be in danger of an attack by rebel forces.

On orders of the Mexican government federal forces are being hurried from various points along the northern boundary into Nogales and thence south over the Sonora railroad to Hermosillo.

A special train bringing troops from Cananea was brought into Nogales on rush orders and dispatched southward to augment the federal forces at the state capital.

## EXPECT AN ARMED TRUCE

Insurgents in Field Waiting Developments in Mexico City.

El Paso, Tex., March 21.—An armed truce will be established in Northern Mexico as soon as developments in Mexico City warrant and Francisco I. Madero, the revolutionary president, will establish himself at a point in the field to be considered neutral ground, there to receive any peace proposals that may come as a result of the visit to Mexico City of Jose Yves Limantour, minister of finance, who recently had conferences with insurrecto leaders in New York.

This was established in messages brought by courier from Madero, who is within 150 miles south of here in camp with 1,000 men. It is the first word coming direct from Madero since the beginning of the peace negotiations which are supposed to have been under way in the United States for more than a week.

## TAFT QUIETS DE LA BARRA

President Explains Mobilization to Mexican Ambassador.

Washington, March 21.—Whatever delicacy may have existed in the relations between the United States and Mexico concerning the mobilization of 20,000 American troops in a state contiguous to the Mexican frontier was swept away, it is believed, in a heart to heart talk between President Taft and the Mexican ambassador, Senor de la Barra, at the White House.

The president confirmed assurances which he gave the ambassador before leaving for Augusta, Ga., that Mexico need feel no alarm over the movement of troops to Texas. Ambassador de la Barra went away well satisfied with the conference and sent a long telegram to Senor Creel, minister of foreign relations at Mexico City, explaining the expressions of the American government as made to him by President Taft.

## Bartender Commits Suicide.

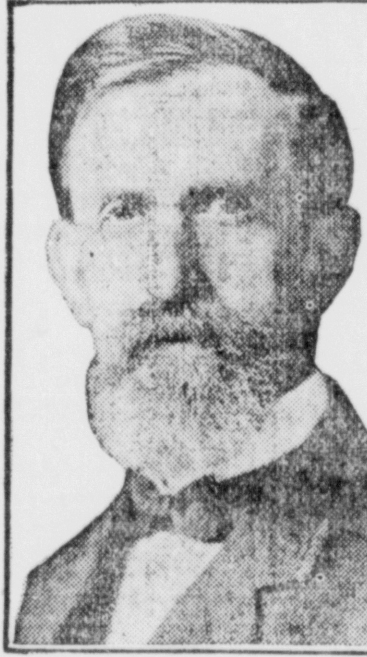

St. Paul, March 21.—Philip Coleman, an old resident of St. Paul and a well known bartender, committed suicide by shooting on Iglehart street near Cathedral place. His body was found by a ten-year-old boy, who stumbled over it lying in a dark place on the street. Coleman was forty-two years old. He had been despondent lately, it is said.

## Hiccoughs Prove Fatal.

Minneapolis, March 21.—Hiccoughing continuously for ten days, with only momentary intervals of rest, William Currie, eighty-six years old, a well known real estate dealer, died from sheer exhaustion. In point of duration the attack of hiccoughs is considered remarkable by physicians who have investigated the case.

## JOHN W. KERN.

Indiana Senator Attends  
Bryan Banquet at Lincoln.

## BANKS CAUGHT IN FAILURE

Kansas City Grain Company Shows Liabilities of \$250,000.

Kansas City, March 21.—It developed that liabilities of the Perry C. Smith Grain company, which failed Saturday, will be \$250,000. The assets of the firm are estimated at \$150,000.

Three banks in Kansas City are said to have been caught. One holds elevator receipts to secure \$120,000, another for \$40,000 and a third for \$10,000.

These banks, while they held receipts of an elevator company for wheat in store, are confronted with the information that there is a question as to the ownership of the grain. The firm's business has been conducted since the death of the senior member of the firm, last year, by his son, Perry C. Smith.

NEW YORK MAYOR  
DENOUNCES STRIKE

Says District Attorney Should Take Charge of Situation.

New York, March 21.—The district attorney ought to take charge of the situation precipitated by the strike of drivers employed by the Adams, Wells-Fargo and United States Express companies, in the opinion of Mayor Gaynor, expressed in a letter to General Organizer William H. Ashton of the strikers, commending his opposition to the calling of a general strike.

"It may well be a criminal offense to conspire to scare anybody in any such way as this," the mayor writes. "The present strike is only for the most frivolous reasons and unjustified and bound to fail after causing commerce and the community great loss and trouble, thereby injuring the cause of labor."

## NOTED CHURCH WILL CLOSE

Rev. William Dunnell, Venerable New York Minister, to Retire.

New York, March 21.—The doors of All Saints' church, where worshipped the descendants of the old Knickerbockers in years gone, will close forever on Easter Sunday, when Rev. William M. Dunnell, its venerable rector, gives up his charge.

Dr. Dunnell's retirement marks the passing of an active life of New York's oldest Episcopal clergyman. For more than forty years he has been rector of All Saints' church. He was baptized in the edifice when New York society worshipped there and witnessed the encroachment of business houses upon the residential section in which the church was then situated until almost the last of its once large and fashionable flock left the neighborhood.

There are now on the church rolls less than a hundred names where, six years ago, there were 1,500.

## Found Dead With Throat Cut.

Missoula, Mont., March 21.—The body of an unknown man with his throat cut was found tied to a box car in the Northern Pacific railway yard. It is supposed that the man was a tramp who was killed by companions. Several feet away from the place was a bunk car in which was discovered a blood covered mattress, near which was a blood stained razor, evidently the weapon with which the supposed crime was committed. No clue has been found.

## Miner Perishes in Swamp.

Duluth, March 21.—A miner whose name has not yet been ascertained met with a terrible fate near Hibbing during the winter. He was caught in the muskies in a swamp near the Albany mine and was frozen to death. His body was found submerged to his hips.

ARMY MOVEMENT  
STARTS GUESSING

"Best Informed" Correspondents Don't Know Meaning.

## OBJECT LESSON FOR JAPAN?

Suggestion Made That Mobilization Is Designed to Show That Country Is Safe—Senator Bailey's Opposition to Parcells Post Has Probably Killed the Measure For a Time.

By ARTHUR W. DUNN.

Washington, March 21.—[Special.]—President Taft enjoys a bit of fun as well as the next man, and he must have been having a great deal of amusement out of the fifty or more guesses as to what the movement of troops to the Mexican border meant. The authorities put up the grand guessing contest and no mistake.

The "best informed" correspondents have had as many different theories as days upon which their dispatches were published. Meanwhile the troops continue to assemble. Probably they and most of their officers are as ignorant of the real reason for the mobilization as are the people of the country and are no doubt indulging in an equal amount of guessing.

They Disappeared.

To add to the mystery of the affair there was a general disappearance of high officials as soon as the orders for the movement of troops were issued. President Taft went to Augusta to play golf, Secretary Knox went to Cuba, Assistant Secretary Wilson of the state department went to a southern resort, Secretary Dickinson of the war department started to Panama, but changed his mind after reaching New York; Secretary Meyer went to New York and Boston—in fact, everybody in authority disappeared.

Naturally people in Washington could not believe that the movement of troops was very serious when all the officials absented themselves. At least we were not convinced that a crisis was imminent.

Object Lesson For Japan?

Perhaps it was an object lesson for Japan. There has been talk about the landing of a Japanese army in Mexico, and statements have been made that such an army could march across the United States without check.

If 20,000 troops can be assembled on the Mexican border in a short time and 20,000 more follow them in short order it ought to show the Japs that there would be difficulty in approaching the United States from that direction. But the Jap guess is only one of fifty different varieties.

Can't Overlook New York.

Just about the time the Democratic members of the ways and means committee decide to jump Burleson of Texas over Fitzgerald of New York in appointing the chairman of the appropriations committee along comes a conservative member who says that it will not do to ignore New York in any such manner.

That the radical element would be glad to turn down the New York man there can be no doubt. But it has been practically determined to jump two other New York men on chairmanships. To treat all of them in that manner would be sure to cause trouble.

Not From Cues.

The American consul at Hongkong tells this government that there is a great deal of misapprehension about the hair sent from China to supply the women with false hair, now worn so much. The hair is not the cues of dead Chinamen, as supposed, for the Chinese have a superstition about the cues, and although some 15,000 cues have been cut in Hongkong alone during the year the hair has not been sold. Hair trade in China is very good, about 1,200,000 pounds, valued at \$1,500,000, going from Hongkong during the past year. Of this 576,119 pounds were sent to the United States.

Parcels Post Legislation.

It was Senator Bailey who promptly and without any preliminary talk or explanation made a point of order against the provision for a parcels post in the last postoffice appropriation bill. The friends of parcels post were somewhat discouraged, for they fear that it is now necessary to pass a separate bill, and they realize how hard it is to get through such a measure with opposition such as Senator Bailey and his followers can put forth.

It is not believed the Democrats are very much in favor of a general parcels post. Probably it will not come up in the coming extra session, as efforts will be made to confine legislation to tariff matters.

Must Be a Lot of Talk.

While everybody is urging the greatest possible speed in closing up the business of the coming session of congress, it is realized that there must be a great deal of talk. The tariff is the most prolific source of conversation of any subject that comes before congress. That must be one explanation of why it is kept in politics. No other subject since the civil war has occupied so much space in the records of congress.

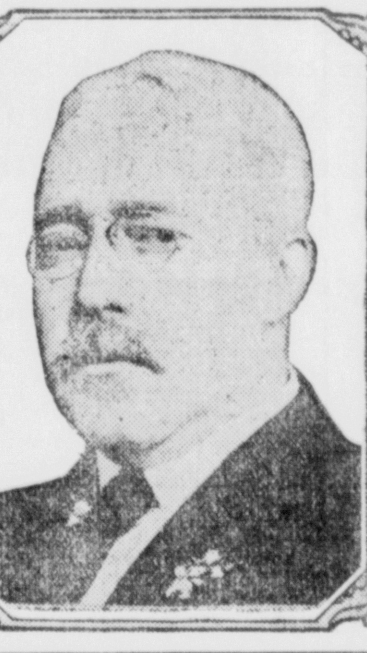

The Canadian agreement will open the entire subject of tariff schedules and the effect of the tariff as a whole upon prices. The coming session will last fully three months.

Motorcycle Kills Child.

Waterloo, Ia., March 21.—Stanley Bruner, aged ten, died from injuries sustained when Henry Webster of Jonesville struck him with a motorcycle. Bruner was roller skating.

## FRANK A. VANDERLIP.

President of the National  
City Bank of New York.

## WANTED ONLY ONE MILLION

Peddler Enters National City Bank of New York.

New York, March 21.—George Shagor, an Assyrian, who sells shoe strings in the financial district, entered the National City bank with an alleged purpose of demanding \$1,000,000. Instead of getting it policeman and clerks seized him and he was taken to Bellevue hospital for examination as to his sanity. The man's struggle with bank guards and policemen lasted for nearly twenty minutes and caused great commotion in the bank.

It is said that when he entered the bank he inquired for President Frank A. Vanderlip, to whom he is known to have written a complaining letter of eighty-five pages several days ago, with the warning that he would call in a few days to demand \$1,000,000.

An extra guard had been kept on the lookout for the Assyrian. He is said to have become violent when told that President Vanderlip was out of town and it was then that the watchers closed in on him.

## NO PAROLE FOR GEORGE WEST

Former Minnesota Bank Robber Must Stay in Indiana Prison.

Laporte, Ind., March 21.—The decision handed down by Attorney General Homan, that a man convicted of crime while serving a sentence must serve the full time of the first sentence before entering upon his second term, and that it deprives him of parole, will keep George West, a Minnesota bank robber, confined in the Indiana penitentiary until 1918. He was brought from the Stillwater (Minn.) prison in 1894 and has since that time been an inmate of Indiana penal institutions. West recently made application for pardon, but the decision of the attorney general will keep him confined an additional seven years.

Banking associations in nearly every state in the Union have protested against clemency.

## Well Known Hotel Man Dead.

Butte, Mont., March 21.—Word was received here of the death in Salt Lake of James Grisenwaith, one of the best known hotel managers in the Northwest. For a number of years he managed the Montana hotel in Anaconda, the Montana club in Helena, the Commercial club in Salt Lake and for six seasons all of the hotels in Yellowstone National park. He also was connected with hotels at Montreal and Toronto.

## GRAIN AND PROVISION PRICES

Minneapolis Wheat.

Minneapolis, March 20.—Wheat—May, 97½c; July, 98½c; Sept., 98½c. On track—No. 1 hard, 99½c; No. 1 Northern, 98½c; No. 2 Northern, 95½c; No. 3 Northern, 93½c.

Duluth Wheat and Flax.

Duluth, March 20.—Wheat—On track and in store, No. 1 hard, 98½c; No. 1 Northern, 97½c; No. 2 Northern, 94½c; No. 3 Northern, 91½c. Flax—On track and to arrive, \$2.66; May, \$2.65.

St. Paul Live Stock.

St. Paul, March 20.—Cattle—Good to choice steers, \$5.50@6.25; fair to good, \$5.00@5.50; good to choice cows and heifers, \$4.50@5.25; veals, \$5.00@6.75. Hogs—\$6.40@6.65. Sheep—Wethers, \$3.75@5.00; yearlings, \$4.00@5.25; spring lambs, \$5.00@6.10.

Chicago Grain and Provisions.

Chicago, March 20.—Wheat—May, 91½c; July, 89½c; Sept., 88½c. Corn—May, 49½c; July, 50½c; Sept., 51½c. Oats—May, 31½c; July, 31½c; Sept., 31½c. Pork—May, \$17.67; July, \$16.00. Butter—Creameries, 16@25c; dairies, 15@21c. Eggs—13½c@14c. Poultry—Turkeys, 18c; chickens, 13½c; springs, 14½c.

Chicago Live Stock.

Chicago, March 20.—Cattle—Beef, \$5.15@6.85; Texas steers, \$4.40@5.60; Western steers, \$4.75@5.85; stockers and feeders, \$4.00@5.75; cows and heifers, \$2.60@5.85; calves, \$6.25@8.50. Hogs—Light, \$6.70@7.00; mixed, \$6.50@6.90; heavy, \$6.40@6.80; rough, \$6.40@6.65; good to choice, heavy, \$6.65@6.80; pigs, \$6.50@7.00. Sheep—Native, \$3.00@3.10; yearlings, \$4.75@5.65; lambs, \$5.00@6.50.

COMPLIMENTARY  
BYRAN BANQUET

About Thirteen Hundred Persons  
Attend Dollar Dinner.

## LEADERS PRAISE NEBRASKAN

Promoters of Feast Made No Attempt to Conceal Fact That Function Was Intended as Denial of the Statement That Bryan Had Been Repudiated as Leader of Democratic Party in His Own State.

Lincoln, Neb., March 21.—Between twelve and thirteen hundred followers of W. J. Bryan attended the complimentary banquet tendered him by the Lincoln Bryan club. In point of attendance it brought together the largest crowd for a similar function held in Lincoln for many years and the presence of such recognized Democratic leaders as Champ Clark, the coming speaker of the national house of representatives; Governor Shafroth of Colorado, Senator Owen of Oklahoma, Senator Kern of Indiana and Senator Hitchcock of Nebraska gave it an interest and political importance more than statewide.

The promoters of the banquet, which took the form of a dollar dinner, made no attempt to conceal the fact that the function was in part intended as denial of the statement made at time, in Nebraska that Mr. Bryan had been repudiated as the leader of the party in his home state and in the addresses a number of the speakers emphasized their belief that the guest of honor was still to them the leader of Democracy, both in state and nation.

The dinner, held in the Lincoln Auditorium, taxed the capacity of the building. Dr. P. L. Hall, vice chairman of the Democratic national committee, was the toastmaster. The first speakers were Nebraska men, first devoted followers of Mr. Bryan. Two men of the programme for addresses, former Governor Shallenberger and W. H. Thompson of Grand Island, at the last moment sent regrets.

## ASSESSMENTS NULL AND VOID

Milwaukee Official Held to Be Holding Office Illegally.

Milwaukee, March 21.—All special assessments made by the Socialist commissioner of public works, Harry E. Briggs, amounting to over \$800,000, are probably illegal because of the decision of Judge Eschweiler in the circuit court that Briggs illegally held a city office created illegally by the Socialist administration.

In addition to this complication the purchasers of \$150,000 in delinquent tax certificates will refuse to pay over the money advanced for taxes, thus, further involving the administration which is now worried by a scarcity of cash. To remedy this trouble the city council began anew the proceeding to change the form of the board of public works and hopes to complete the work in time to make the tax assessments legal.

Meanwhile the original case is pending in the supreme court.

## KENYON MEN AGAIN FAIL

Try Vainly in Two Ways to Force More Than One Ballot.

Des Moines, March 21.—A strenuous fight was made on the floor of the joint assembly following the taking of the forty-fifth joint ballot for the election of United States senator, which Judge Kenyon lacked but nine votes of election. Immediately after taking the ballot a motion was made by Kenyon supporters to take a second ballot. This was lost by a vote of 84 to 8. Another motion that was made by Senator Allen of Pocatontos, a Kenyon backer, that a joint assembly meet at 7 p. m. to ballot until a senator is elected. This motion was lost after a hot debate, by a vote of 62 to 82.

## PLEDGE AGAINST ALCOHOL

Bill in Wisconsin Assembly to Require Students' Signatures.

Madison, Wis., March 21.—After reading in the papers of the prevalence of the drink habit among students at the University of Wisconsin, Assemblyman Hansen of Manitowish, the "apostle of the harem skirt," introduced in the assembly a joint resolution calling upon the board of university regents to require hereafter that all male students sign a pledge of total abstinence. The measure was offered after finding of dissatisfaction with the proposed one mile dry zone around the university.

## Repairing a Crown.

What curious old records one comes across sometimes in unexpected ways! Here is one which has reference to Edward III. and Philippa of Hainault and is kept, with other documents, at the time a palace at Felkstone. It runs thus: "For repairing ye queen's crown which ye king threw into ye fire, item 3s. 6d." The points which strike one in this memorandum are the violence of the king's temper and the cheapness of the mending process.—London Graphic.

TAFT EMPLOYS

## A. C. SHALLENBERGER.

Sends Regrets at Last Moment  
to Bryan Banquet at Lincoln.

## SIGNS THIRTY-THREE BILLS

Minnesota Governor Approves That Many So Far.

St. Paul, March 21.—Just thirty three bills have been signed by the governor and deposited with the secretary of state up to date. Two years ago on the same date ninety bills had gone through the same course, although the session convened five days later at that time.

The senate in committee of the whole approved Hanson's bill to prohibit the sale of malt liquors, except in saloons or for medicinal purposes at drug stores. There was only a small vote against the bill. The object of the bill is to stop the sale of beer under the guise of malt.

It took the house two and one-half hours to pass twenty-four bills. Of these there was none of wide importance.

SAY NEGROES CANNOT  
STAND THE CLIMATE

Canadian Officials Will Detain Immigrant Train.

Winnipeg, March 21.—Canadian immigration authorities here received word that a train of 125 negroes and their effects was on the way from Weleaka, Okla., via St. Paul, to settle on farms of Northern Alberta and take up homesteads. There are already a considerable number of negroes in Alberta, but this party will be detained at the boundary, as there are some of the colored people from the Southern states who cannot endure the severe cold of Western Canada.

The Canadian government has never encouraged this class of people and only those who can give evidence that they are likely to succeed under the conditions which exist in this country will be allowed to enter. All others will be rejected at the boundary.

Officials will be on the watch for the party and unless the members successfully stand a rigid examination as to health and financial condition they will be sent back into the United States. The cold of the Northern prairies is said to be disastrous to the health of the negroes, especially to those coming from the southern sections of the United States.

## SHOPMEN DEMAND INCREASE

Canadian Pacific Employees After Raise in Wages.

Winnipeg, Man., March 21.—Following the successful effort of the Canadian Pacific trainmen recently to obtain an increase in wages 6,000 mechanics employed by that road in the shops between Port William and Vancouver have presented demands for a 10 per cent increase in pay.

A general conference of all the committees representing the men of the entire system has been called here for Thursday and the officials of the various divisions of the road will meet with them to discuss schedules.

The machinists demand 46 cents an hour with an eight-hour day. Other classes of labor affected are the blacksmiths, car repairers and boiler makers.

## BAR FIXTURES TO BE BURNED

Liquors Seized Will Be Poured Into the Missouri River.

Marmarth, N. D., March 21.—About \$5,000 worth of saloon goods and bar fixtures, confiscated by the authorities in raids made on Marmarth blind pigs, were ordered destroyed by Judge Crawford of the district court, sitting as a committing magistrate in cases instituted at the instance of Special Assistant Attorney General Heffron. The destruction of the saloon fixtures will be followed by the destruction of a large quantity of liquor, also confiscated, and it is the intention of the authorities to pour the stuff into the Missouri river.

Gathering Data for Scientific  
Government Methods.

## FORCE WILL BE INCREASED

Senatorial Waiting Rooms at Present the Scene of Great Business Activity the Chief Executive Keeping in Close Touch With His Experts—Belief Prevails That Important New Office May Be Created.

Washington, March 21.—President Taft believes in scientific management and he proposes the United States government shall have some of it. The proof of this is at hand.

The president has turned the senatorial waiting rooms over to his scientific management experts in order that he might have his proposed revolution in the management of the government conducted under his own eye. In those rooms at the present time he has at work an expert in scientific management to whom he is paying \$10,000 a year. To help him he has two expert accountants at \$3,500, one at \$3,000, one at \$2,200, one at \$2,000, one law clerk at \$1,500 and four stenographers at \$720 each.

This is only the beginning. Very soon he is going to employ an additional staff of experts to the number of about six, whom he hopes to get for \$6,000 each, but for whom he will pay \$8,000 if he can't get them for less. For these men he proposes to go into the competitive market and bid for them, as he finds there is no other way open to secure just the kind of talent he knows he must have.

It is suspected that a new office is to be created to be known as that of "the administrator." This officer will be a sort of combined purchasing agent, regulator and equalizer. He will be expected to know all things about all departments.

## SECONDS TOSS UP SPONGE

McFarland Punishes Billy Ryan in Bout Stopped in Fourth Round.

Oswego, N. Y., March 21.—Packey McFarland of Chicago scored an easy victory over Billy Ryan of Syracuse before the Oswego City Athletic club here. Ryan was saved from a knockout in the fourth when his seconds threw a sponge into the ring.

The Chicago lightweight took things easy for two rounds but in the third followed Ryan about the ring, showing him with blows to the head and body. This round ended with Ryan bleeding from cuts on his face. He rallied for a moment in the fourth, but McFarland soon had him helpless and he was hanging on the ropes when the bout ended.

## READY FOR STRENUOUS WORK

President Greatly Refreshed From Southern Trip.

Washington, March 21.—Greatly refreshed and prepared for strenuous executive activity before congress convenes in extraordinary session April 4 President Taft returned from his ten days' vacation at Augusta, Ga.

The president will take up immediately the work of preparing his message to congress resubmitting the Canadian reciprocity agreement. He expects to confer immediately with leaders of both parties regarding the work of the special session. It being his desire that the Canadian reciprocity agreement be ratified and the tariff board bill be passed.

## DOCTOR CONTRACTS MALADY

Dangerously Ill With Disease He Was Combating.

New York, March 21.—Assisting in the fight to avert importation of spinal meningitis, which was discovered last week to be prevalent among Greek immigrants arriving here, Dr. Edward T. Ashley, one of the bacteriologists at the quarantine hospital in New York harbor, himself suddenly has contracted the dread disease.

It was learned from Dr. Alvah H. Doty, health officer of the port, that Ashley was seized with the malady, and is in a serious condition. Dr. Doty diagnosed the case as cerebro spinal meningitis.

## WILL ADD NEW TERRITORY

Manitoba Province to Be Enlarged by Government.

Winnipeg, March 21.—In the Manitoba legislature Premier Roblin announced he had received word from Premier Laurier regarding the extension of the Manitoba boundaries. The territory to be added consists of 180,000 square miles and takes in a large stretch on the shore of Hudson's bay, including Port Churchill and Port Nelson.

## Will Install Steel Cars.

Duluth, March 21.—The Duluth, Missabe and Northern road will be one of the first railroads in the Northwest to install solid steel passenger trains. The company is about to award a contract for the equipment, to be delivered in August. It will include steel combination baggage, express and mail cars.

Bits of the Philosophy of Life

Every man needs more money. An  
hour comes into the lives of each of  
us when a sum of ready money  
means a long leap toward independ-  
ence, or it means health—or even life  
itself. The resourceful man always  
backs up his energy by a steadily  
increasing bank account.

EMPIRE

Tonight

Mrs. William Schlange returned yesterday from a trip over the Cuyuna iron range, visiting the towns of Deerwood, Crosby, Cuyuna and Iron- ton in the interests of the cigars her firm is making.

The room formerly occupied by Attorney A. T. Larson in the First National bank block is to be added to the suite of Drs. Camp, Thabes & Sykora, the necessary alterations being made this week.

A handsome baby boy arrived Sunday morning, March 19, 1911, to gladden the hearts and home of Mr. and Mrs. Samuel G. Hawkins, 517 North Ninth street. Mother and child are doing well.

D. M. Clark & Co., the oldest established house in the city. Established 28 years. Goods sold on easy terms. 110tf

N. C. Jensen, of Merrifield, was in the city this morning. While chopping wood yesterday afternoon a limb flew up and struck his eye. Dr. Reimstad examined the eye which has been so severely injured that Mr. Jensen may lose his sight.

Miss Bernice Bishop, the guest of Mrs. Helen M. Sloggy, returned this afternoon to her home in Hamline. This is the first visit of Miss Bishop to Brainerd and she expressed herself as delighted with Brainerd which in her estimation was excelled by only one other town, Hamline.

Dr. C. A. Nelson returned today from Dykeman where he examined four horses belonging to John Anderson destined for shipment to Canada. He left this afternoon for Walker where he will examine horses belonging to Gustav Mino, of Walker, and ten for B. W. Woodcock, of Bemidji.

John Larson is local agent for Stott Brickets, a new and very economical fuel. A car load has just arrived. Send in an order and try it. 158-tr

A southside resident last night attempted to shoot his wife and was captured by Chief Quinn and Officer Barney. The pistol, a long murderous looking 32, with numerous cartridges, was confiscated. He was before Judge Warner this morning who gave the culprit a most severe and scathing arraignment and his promise to behave in future dismissed him.

Attorney William Bane and his friend Ben Lagerquist had an excit-

Something to Remember

Remember Our Big Sale on Muslin Underwear all this week. See the garments at 10c, 15c, 25c and 50c.

Elyria Wash Laces for inner and outer garments only 60c a bolt of 12 yards.

Ginghams and Percales only 7c a yard.

32 inch Ginghams—every piece a beauty—at only 15c. Shown only at this Exclusive Store.

Extra wide Stayso Ribbons only 25c a yard. Very good for hair ribbons or trimming hats.

Remember Fowne's Gloves and R. & G. Corsets can be bought only at this Exclusive Shop. Both guaranteed.

Remember we are fashion leaders in Coats, Suits and Dresses. We have gowns.

Goods purchased at Murphy's are always of high quality and we aim to give a service beyond the possibility of criticism. Make yourself at home in our store. Remember our Ready-to-Wear department is the best in the city. We can fit you. Visit the Smart Little Shop and you will say so.

The Geo. F. Murphy Co.

"The Store of Quality"

ing experience Sunday afternoon while returning from Gull lake. The team ran away and Lagerquist took a flying leap for life as they flew past the market square. He landed unhurt. Mr. Bane did not jump. He stuck to the carriage. The horses turned a corner and tore from the vehicle and William and the wagon came to a full stop.

Modern plumbing and heating, water and sewer connections, at lowest prices. Get our estimates. D. M. Clark & Co. 110tf

The basement formerly used by Ridley's gymnasium will be converted into bargain headquarters and made a part of the L. M. Koop store. The room measuring 30 by 50 feet is being arranged and altered for its new purpose. The walls are decorated a light sea green, and the ceiling and trimmings are creamy white. The grand opening of this department will be announced by the L. M. Koop store some time this week.

Yesterday Judge Warner heard the cases brought by Messrs. Samuel S. Betts and Alonzo Everett. Everett sued to collect a bill of \$150 for work done on a building. Betts sued Everett for \$170 damages alleged to have been done by not doing the work according to contract. The court awarded Betts damages in the sum of \$1 and Everett is to pay the costs of the action. A large number of witnesses were on hand and the case consumed most of the afternoon.

DR. BRUNS

The eye expert, will be at Hotel Ransford tomorrow. If you need glasses, consult him. Eyes examined free. 1t

MUSIC AND DRAMA

At the Grand

The Grand offers a good bill of vaudeville this week. Copping and White are eccentric comedians who furnish a lot of amusement and please the audience. Of the films the "Runaway Motor Car" is of particular interest. A comical number in the pictures furnished is when "Max Goes Sking." Al Mraz sings, "When Your Hair Was in a Curl."

"Polly of the Circus"

Frederic Thompson's big production of "Polly of the Circus" will be seen at the Brainerd opera house on Saturday evening, March 25. This highly interesting and captivating romance of the little circus rider and the minister forms one of the most pleasant and entertaining plays of the season. The story of the play is rather novel and it has that which holds the heart strings and invites even the jaded taste to a simple revel in romance. It is a piece that one can see a dozen times and go away with laughter and tears. Its story is well told and beautifully framed. The scenic production is most elaborate and the circus scenes true to life, with acrobats, clowns, tumblers, bareback riders and ringmasters, also horses, dogs, ponies, and a trained elephant, "Little Hip," the educated and performing elephant. "Polly" will win her way into the hearts of her audience with her sweet and tender manner. The many characters of the play are all in capable hands.

Changing a Name.

The brother of Mme. de Pompadour had at first been created Marquis de Vandieres, a somewhat unfortunate title for a man of such new nobility, for he soon discovered to his profound annoyance that his enemies would persist in calling him the Marquis d'Avant Hier (the Marquis of the Day Before Yesterday).

Mme. de Pompadour, naturally sensitive in such matters, brought the affair before the king and, as a title more or less was a small matter to grant the lady who grasped so much, after due forms her brother became the Marquis de Marigny.—From "Mme. Gaffrin."

An Ox Hide.

"Thomas," said the professor to a pupil in the junior class in chemistry, "mention an oxide."

"Leather," replied Thomas.

"What is leather an oxide of?" asked the professor.

"An oxide of beef," answered the bright youngster.—Chicago News.

Attacks School Principal

A severe attack on school principal, Chas. B. Allen, of Sylvia, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at all druggists.

## NINE ORDINANCES ARE CONSIDERED

Council Gives First Reading to Ordinances Nos. 232 to 240 Inclusive

### 3 LIQUOR LICENSES GRANTED

E. Marshall, of the Toltz Engineering Co., Asks Five Days Extension of Time

The regular council meeting was held last night and all were present except Alderman Cardle. President Toohy presided. On motion the reading of the minutes was dispensed with. The finance committee, Messrs Dieckhaus, Paine and Henning reported on the claim of the water and light board for \$5,000 delinquent arc light rentals with interest thereon at 5 per cent. The committee stated the city would endeavor to pay half this year and the balance next year.

The city clerk was instructed to write to the Burroughs Manufacturing Co. and ask them to send the city a large sized adding machine on approval.

The committee having Kfudred street under consideration reported through Alderman Paine, its chairman, that it was not ready to report.

The title to the lots the city is to sell to the Northwest Paper Co. has been found to be in such shape that a warranty deed cannot be given by the city, as requested by Mr. Elder, and City Attorney Ryan so reported to the council.

The butchers license ordinance No. 228 was brought up, but action thereon was deferred to the next meeting.

Mrs. Annie Simpson addressed a communication to the council requesting \$200 to settle for damages sustained by her house, 318 Bluff Ave. south. This included digging a water main and throwing sand near her front porch; tearing down a fence; tearing her kitchen loose and breaking window lights while dynamiting was being done near by; also damages to an outhouse.

The council referred the matter to the water and light board without recommendation. In this discussion E. Marshall of the Toltz Engineering Co., stated that Mrs. Simpson's house projected six feet on the property of the power house. An alderman said the house projected 10 feet in the street.

The council granted liquor licenses to J. D. Armstrong, C. P. McLean and Edward Lien, at their present locations, all voting aye except Alderman Kjellquist.

A resolution was adopted ordering the general sewer of the city extended on the south end as follows: "At the north end of the culvert now constructed under the main tracks of the Northern Pacific railway company between the second and third wards to a point on the north line of Sleeper's addition to Brainerd to be determined by the engineer; that Louis Knudsen be and he is hereby selected as engineer to estimate the cost thereof, and that he be and hereby is directed to draw plans and specifications and tabulate the result of his estimate of the cost thereof and report the same to the city council." All voted aye.

Alderman Henning brought up the new ordinances as proposed by the ordinance committee.

E. Marshall, of the Toltz Engineering Co., was given the floor and gave an account of the work and that the company by making temporary arrangements, could furnish the current on March 22nd the date agreed upon. The plant has been built in 90 days, the machines have been tested without a load and run well. The company has been disappointed however, by the non-arrival of its switchboard. The switchboard was due

February 17th, but was not delivered until March 20th. He asked five days extension of time and on an opinion of the city attorney, was referred to the water and light board. Mr. Marshall stated also that the heavy cables of the city have not been installed and that an extension would aid the city too.

The new ordinances were then taken up for their first reading, on motion of Alderman Henning.

Ordinance No. 232 relates to the throwing of stones, balls or other missiles and disorderly conduct on the street. The fine is not more than \$25 or 30 days in jail.

Ordinance No. 233, concerns disorderly houses and houses of ill fame. Section 1 prohibits these houses. Section 2 prohibits prostitution, and section 3 prohibits persons from visiting such places. The fine to be imposed ranges from \$10 to \$100, and a jail sentence of not more than 90 days.

Ordinance No. 234 establishes a board of health, outlining its powers and duties, and providing a penalty for the violation of quarantines established by such board. The board shall be composed of three members appointed as provided by the city charter, the chairman of which shall be a physician. The board may appoint, with the consent of the city council, one or more sanitary police at a salary of \$50 per month. It shall be the duty of the chairman of the board to determine the existence of contagious diseases, to declare, enforce and release quarantines, and when quarantines are released to properly fumigate such premises, and to do all things necessary to the prevention of the spreading of contagious disease. The secretary of the board shall keep a record of vital statistics, as well as contagious diseases. Any person wilfully violating any of the provisions of a quarantine established by the board of health, shall, upon conviction thereof, be guilty of a misdemeanor.

Ordinance No. 235 relates to breaches of the peace and disorderly conduct. Section 1 provides a fine of not exceeding \$100 and 90 days jail sentence and a second offense gives hard labor and a bread and water diet to a male offender. Section 2 provides a fine of not more than \$50 and 30 days jail for open and notorious drunkenness with hard labor and bread and water additional for a second offense. Section 3 provides the same punishment for appearing in any street or in public in a state of nudity. Section 4 prohibits bathing in the river or any stream within the city limits between 5 a. m. and 9 p. m. unless such person is clad in a bathing suit, punishable by \$50 fine and 30 days jail.

Ordinance No. 236 relates to the use of streets, alleys and public grounds by children. It shall be unlawful for any child under 16 years of age to be abroad upon streets, alleys or public grounds between 9 P. M. and 5 A. M. unless accompanied by a person of full age or with a written permission of parent, guardian or custodian. A second offense incurs a fine not exceeding \$25 and five days jail. Section 3 provides for ringing curfew at 9 P. M.

Ordinance No. 237 relates to fire arms and fire works. No person shall explode or fire off rockets, fire crackers, roman candles or other fire works within the city. Any person or association wishing to fire a salute must obtain the written consent of the mayor who shall designate where such display shall be made. Section 2 prohibits the discharge of fire arms except in lawful defense of person, family or property or the necessary enforcement of the law. Section 3 prohibits the manufacturing, selling or using of slung shots, sand clubs, or metal knuckles. No pistols or fire arms shall be sold or given any person under 18 years of age unless by written permission of the judge of the municipal court. A fine of not

You will admit, after you have seen them, that you have never seen a better assorted line of garments than we are showing this spring. The assortment, the style, the fitting qualities and the prices will all appeal to you. We solicit the privilege of showing you the coat best adapted to you. We ask your particular attention to our line of Misses' Tailored Coats. This is a new line with us and the best we have ever had.

## "MICHAEL'S"

less than \$10 nor more than \$100 and not more than 90 days jail is provided.

Ordinance No. 238 relates to the wrongful obstruction and clogging of sewers, and damaging or interfering with city property. A fine of not more than \$25 and 30 days jail is provided.

Ordinance No. 239 relates to vagrancy and vagrants and provides punishment in the shape of a fine of not more than \$100 and 90 days jail.

Ordinance No. 240 relates to sidewalks and crosswalks and prohibits marking, stenciling, painting or printing on same. The fine is not less than \$5 nor more than \$10 or 10 days jail.

The ordinance regarding vagrants provoked considerable discussion and the matter was referred to the police committee to provide some adequate penalty and also to examine the condition of the city lockup.

The matter of opening up alleys was referred to the aldermen of the third ward and the city attorney. On motion the council adjourned.

### ED. CRUST'S ANNOUNCEMENT

With a Candidate for Mayor Announced There is a General Movement Among Politicians

In another column of this issue will be found the announcement of Edward Crust who has decided to become a candidate for the office of mayor before the republican city convention on Friday of this week. The announcement will not be a surprise to the general public as his name has been linked with the mayoralty for some weeks and the pressure brought to bear on him has finally resulted in this decision. With this announcement will come activity in political circles and candidates for minor offices to be filled by election will start their candidacy. Mr. Crust is probably as well known to the people of Brainerd as any other citizen, and he has held other positions of public trust and discharged the duties in a manner that will recommend him to the people for the position which he seeks. Mr. Crust will undoubtedly be the republican nominee and with him as their standard bearer there is scarcely a doubt as to the outcome.

Alderman Paine and Robertson will come before the caucus of the Second ward on Thursday evening as candidates for nomination to places on the ticket. There will probably be other candidates and the people of that ward can make their selection. Alderman Paine says he is willing to serve another term if the people of his ward so desire, but that it is a thankless job at best.

Municipal Judge Warner will be a candidate for re-election to the position he now holds, but up to the present time has not decided whether he will come before the people as an independent or try for the nomination. A. M. Opsahl is a candidate for re-election as city treasurer, and will come before the convention for the nomination. It is also stated that Ray Paine is a candidate for the position.

Things political begin to take on the appearance of activity as the time for holding the city conventions of the three political organizations draws near.

It is rumored on the street that H. P. Dunn, the popular Front street druggist, will head the democratic ticket as their candidate for mayor.

M. K. Swartz has announced his intention of coming before the republican convention for the nomination of city assessor.

W. W. Bane is a candidate for the republican nomination of municipal judge at the coming city convention.

Henry Krause will be a candidate for re-election as city assessor.

### A Pierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it is called Lewis' Cough of Manchester, O. (R. R. No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved that a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, hay fever, la-grippe, whooping cough, hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by all druggists.

### Has Millions of Friends

How would you like to number your friends by millions as Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. Its best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains swellings, bruises, cold sores. Has no equal for piles. 25c at all druggists.

### TELLS OF CRUEL TREATMENT

Eleven Year Old Marguerite Cowles Tells of Being Starved and Whipped While Acrobat

The St. Paul Dispatch gives a further account of little Marguerite Cowles, well known in Brainerd. Al Cowles, about two years ago, was the lessee of the Bijou theatre and with his wife and little Marguerite gave frequent acrobatic exhibitions. The article states:

"A long tale of cruelty was told this morning by eleven-year old Marguerite Cowles who was practically kidnapped on Saturday by her uncle Herbert Welch near the rooming house of Mr. and Mrs. A. W. Cowles, 1831 Fourth avenue south Minneapolis and turned over to the Mill City police pending court action.

For five years the child had been the third member of the "marvelous Cowles family," an acrobatic troupe. This morning the child told of her five years' stage career. She told of whippings, of hunger, of being compelled to practice acrobatic turns between performances at which she was the star attraction.

She ended her tale by pointing to a scar on her forehead and saying: "That was where I was hit when my father threw me against an iron bedstead. I had missed my stunt and he was angry."

The little girl wants to go with her relatives and not with Cowles, who may have legally adopted her. This question is being investigated."

### FOR MAYOR

At the urgent request of my many friends and after due consideration of the matter I have decided to become a candidate for the nomination of mayor subject to the action of the republican city convention.

Respectfully,  
EDWARD CRUST.

### NEARLY 100 YEARS OLD

Mrs. Mary E. Francisco Passed Away at Motley Late Yesterday Afternoon

Mrs. Mary E. Francisco, the oldest inhabitant of this section of the state, died at Motley late yesterday afternoon at the ripe old age of 99 years, 9 months and 28 days. In the presence of numerous relatives she calmly and peacefully passed away. The body will be buried at Lake Mills, Wis.

She leaves the following children: Mrs. P. T. Willett, H. A. Francisco, J. J. Francisco, S. Francisco, Clayton Francisco, of Motley; N. O. Francisco, of Delavan, Wis.; H. E. Francisco, of Mason City, Iowa; C. F. Francisco, of San Diego, Cal. She was known to many people and until the end was always in lively spirits and took a keen, active interest in the affairs of the village and her numerous relatives.

### Kills a Murderer

A merciless murderer is appendicitis with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, biliousness, chills, 25c at all druggists.

### Special Services Tonight

The union service of the Methodist Presbyterian and Baptist churches was held last evening at the First Methodist Episcopal church with a fine congregation present. The Rev. Charles Fox Davis was the preacher, taking as his theme, "The Church at Ephesus vs the Churches of Brainerd," contrasting the conditions of the ancient and the modern churches.

Rev. Davis was quite outspoken in his sermon last evening, praising the strong things of the church, but severely condemning the weaker things. An interesting feature of last night's meeting was the singing of Miss Ada Newgard, the prayer and testimony service, and the mass choir which is leading in the musical part of the services.

The Rev. W. J. Lowrie, of the Presbyterian church will preach this evening at 7:45 on "The Church of Smyrna and Ours," the second in the series of the "Spirit's Message to the Seven Churches of Asia vs The Spirit's message to the Churches of Brainerd. Service commences promptly at 7:45.

### Notice to Eagles

All members are requested to attend our regular meeting March 22nd as there will be initiation and smoke social.

HENRY KRAUSE,

24812 W. Sec'y.

## W. B. Nuform Corsets

Are the Ideal Foundation for The Fashionable Costume

They provide the long, smoothly undulating silhouette which is such a delight to the eye. They have an almost magic way of giving the slender lines of youth to every figure. No one style of corset can be made to fit every figure, but in the large assortment of W. B. Nuform models, you are sure to find the style best suited to your lines.

Some of the styles have an extremely long skirt extension, whose smooth pliability permits perfect comfort when the wearer is seated. Yet it subdues over-prominent hips, and gives the figure perfect slenderness without stiffness or discomfort.

Nuform models are fashioned of fine, light-weight, durable batiste or coutil, with lace and embroidered edging and supplied with hose supporters.

Our Corsetieres will gladly give you a fitting.

Nuform corsets from \$1.00 up.

## "MICHAEL'S"

### FORMER BRAINERDITE MARRIED

B. T. Hathaway, at One Time Superintendent of Brainerd City Schools, Takes a Bride

B. T. Hathaway, well known by many of the citizens of Brainerd as superintendent of the city schools from 1893 to 1896, was united in marriage at Helena, Montana, a few days ago to Miss Maggie Smith of that city and the Daily Record of Helena has the following to say of the event:

"The marriage of B. T. Hathaway, deputy state superintendent of public instruction and Miss Maggie V. Smith former county superintendent of the Lewis and Clark county schools, was solemnized Saturday evening at half past eight o'clock at the home of the bride's parents, the Rev. and Mrs. I. N. Smith, 221 east Sixth avenue. The ceremony, which was performed by the bride's father, was witnessed by only immediate relatives. Neither the bridegroom nor bride was attended.

After the ceremony a delicious wedding supper was served. The bridegroom and bride remained in Helena until today, when they took their departure for the Pacific coast, where they will spend several weeks.

The marriage was unexpected even by the closest and most intimate friends of the contracting parties. Both Mr. Hathaway and Miss Smith have been residents of Helena for a number of years, and number their friends by the score. Mr. Hathaway has been connected with the educational department of the state for five years, and is one of Montana's most esteemed citizens. His bride is popular with the people of Helena and the county as well. She served two terms as county superintendent of schools. After their sojourn on the coast Mr. and Mrs. Hathaway will return to Helena to make their home."

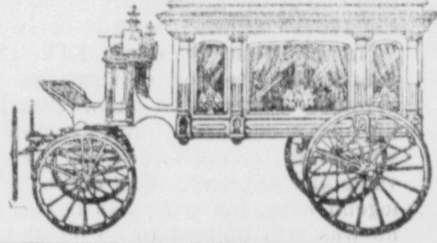

### Lecture on the Passion Play

Growing out of the work for and by the Children's Hour, a small group of women has recently been meeting at the library to talk over in an informal manner the subject of friendly visiting among the poor. To these the truth has appeared that the best help is the kind which enables a person to help himself. Poverty is usually caused by an ignorance of him to use the means at one's command, or a depression which friendly sympathy may help to overcome. A gift is often an aid, and that they may have a fund to draw upon in their work the ladies have asked Miss McCoy to repeat the lecture on the Passion Play which she gave before the Ladies Musical club. Miss McCoy is a clear and entertaining speaker, and the friendly visiting committee is fortunate to be able to present to the Brainerd public this opportunity of hearing a lecture which will appeal both in subject and presentation to men and women alike and to our young people. There will be a few musical numbers appropriate to the subject making in all a program suited to this Lenten season. It will be given at Elks hall Thursday evening, the 13th, and the tickets will be 25 cents.

The ladies interested in friendly visiting will meet Thursday afternoon at the library at three o'clock and all interested are cordially invited to be present.

TO CURE A COLD IN ONE DAY  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box. 25c.

## WHY THE WIND BLOWS.

The Basic Principle, the Tendency of Hot Airs to Rise.

The wind, like other things of everyday life, rarely invites notice unless it is unusually "high," and rarely do we hear the questions, "Why does the wind blow?" "Why doesn't the wind blow?"

What is this wind that rushes "out of the nowhere into the here?" Why should it blow at all, or why sometimes so gently and at other times with the resistless force of the hurricane?

The wind could have no power, it could not even exist, if the air had no weight, this weight having been shown to be about thirty-one grains for each hundred cubic inches of air. When air is put in motion the effect is like that obtained by throwing a ball against an object. The harder you throw the ball the harder it will strike, and the greater the number of balls thrown at one time the greater will be the force of the blow. When the wind is blowing it strikes what it blows against, and the harder it blows (that is, the greater the speed of the air) the harder it will strike against the resisting object.

What causes the wind to blow or why the air should be in motion is not easy to explain. Simply stated, it is caused by the tendency of hot air to rise and thus to form a partial vacuum into which the cooler surrounding air rushes, in much the same way as water will rush downward to seek its level. If the earth were smooth, if it did not rotate and if there were no sun the air would be motionless. When the sun shines on a wide space of the earth the air of that region becomes heated, this great volume of warm air rises and the cooler, heavier surrounding air flows in to take its place. As the earth rotates there tends to be formed a ring of heated and rising air with currents flowing at the bottom and at both sides. This is the condition that prevails near the equator and causes the trade winds that blow so steadily. The rotation of the earth causes the wind south of the equator to flow toward the northwest and that north of this line to flow toward the southwest.—St. Nicholas.

## THE CLOWN'S FACE.

Pathetic Incident From Which the Use of Black Lines Sprang.

"Every once in a while," says a prominent comedian, "I am asked by some newspaper or magazine to tell of the actual feelings of a man who is called on to appear before the public as a continuous funmaker. Usually I reply by calling attention to the fact that one of the greatest tragedies of the theater is connected with the clown."

"In the time of Louis XIV. there was a famous clown known as 'Fat William' (Gros Guillaume), who held his audiences in the Rue Favari by his wonderful eccentricities of gesture, voice and mimicry. One night, so the legend runs, his wife was dying, and he was still obliged to go on and entertain the clanking, clashing, ribald Parisian mob that stood in the pit. It was in the days before there were seats in the orchestra.

"Like all initiators of the Italian 'commedia,' his face was whitened with flour. Under the burden of his great domestic sorrow he was stupid and slow in his performance, and in order to stir him up his companion on the stage hit him with a resounding whack with a heavy cane. The combination of his sentimental troubles and the physical pain caused Gros Guillaume to weep. As the tears streamed down over his whitened face the aspect was so comical that the audience cheered and laughed itself into hysterics. And ever since then every clown has black lines on his whitened face.

"Many are the black lines on the face of the actor that the audience knows not of."—Chicago Tribune.

## Dickens as a Reporter.

Dickens once described the conditions under which he pursued the calling of a reporter—conditions, he said, of which his successors could have no adequate idea. On one occasion he transcribed his shorthand notes of important election speeches, he said, on the palm of his hand, by the light of a dark lantern, in a postchaise and four clattering through a wild country at the dead of night at the then surprising rate of fifteen miles an hour. He once, in the castle yard at Exeter, took an election speech of Lord Russell in the midst of a lively fight.—Westminster Gazette.

## Pure Reading Matter.

"One of the funniest requests I ever got," the advertising manager told us, "was from a local dry goods merchant. He said, 'I want this advertisement put in a part of the paper where women will be sure to read it.'"

"'Great Scott, man!' I said. 'Don't you know that when we have some pure reading matter that we want women to be sure to see we put it next to a dry goods advertisement?'" —Cleveland Plain Dealer.

## Her Splendid Economy.

Their dinner for two cost \$15, but the man's wife argued that in the end it was economy to dine at an expensive restaurant because it gave her a chance to study the fashions.

"If we ate in some cheap place patronized only by dowdily dressed women," she said, "I would have to hire an expensive woman to design my new dresses, but by eating here I get a chance to study the clothes worn by women of position and can design my own gowns."

## St. Paul's London.

A Roman camp, a Saxon temple and three cathedrals have in turn occupied the site of St. Paul's, London.

## ENGLAND AS AN AMERICAN STATE

Cecil Rhodes Favored a World Republic.

WOULD MEAN LASTING PEACE.

W. T. Stead Tells of Interview With Rhodes In Which the "Colossus of South Africa" Favored the Different Parts of the British Empire Becoming Parts of the American Union.

W. T. Stead recently published a statement to the effect that "Cecil Rhodes said if the Anglo-American union could not be obtained otherwise than by applying for admission as states federated with the American Union he would apply."

This aroused the interest of Andrew Carnegie, who wrote to Stead for particulars. In response the English editor made the significant assertion that Rhodes was ready to have England and all her colonies apply for admission as states in the American Union. Says Stead:

"Mr. Carnegie's inquiry suggests the possibility that other readers may be glad of a reminder as to the attitude of Cecil Rhodes in relation to the great question which has once more been brought prominently to the front by the reciprocity agreement between Canada and the United States.

"The statement to which Mr. Carnegie refers was made to me personally at the office of the Review of Reviews, Mowbray House, in 1891. It represented the ultimate stage in the evolution of Mr. Rhodes' mind on the subject in question.

"When Mr. Rhodes was a young man without a penny in his pocket he drew up a will leaving any money that he might hereafter acquire for the attainment of his ideals. His idea was the formation of a kind of secular church which should have its members in every part of the British empire working with one object and one idea and especially advocating the closer union of England and her colonies, crushing all disloyalty and every movement for the severance of our empire.

Wanted England to Absorb America.

"Hence in his will he defined, among other objects of the secret society, 'the ultimate recovery of the United States of America as an integral part of the British empire, the inauguration of a system of colonial representation in the imperial parliament which may tend to weld together the disjointed members of the empire and finally the foundation of so great a power as to hereafter render war impossible and promote the best interests of humanity.'"

"That was what we may call his jumping off point before he adequately realized that the United States had by its growth, its power and its compactness become the predominant partner of the English speaking race. From this crude undergraduate's idea of 'the recovery of the United States' to the recognition of the fact that it might be necessary to merge the British empire in the United States is a long stage, but Rhodes traversed it slowly and steadily, never turning back.

"I did not meet him until eleven years after he had made his first will. From that time I can speak authoritatively as to the movement of his mind. He wrote to me declaring that the practical solution of the great political problem was the union with America, brought about by a commercial war for the purpose of securing a commercial union and the adoption of the principles of the American constitution as the basis of the reunited English speaking world.

Ready For America to Absorb England.

"Again and again Mr. Rhodes returned to his dominant conception until at last his theory that the supremacy of the world must be placed in the hands of the English speaking race assumed almost the character of a religious dogma.

"In the year 1891 he talked to me for three hours concerning his claims, his plans, his hopes and his ideas. After he had been discoursing in his usual vehement fashion as to what might be done if the republic and the empire were united in a fraternal union I said to him:

"I agree with every word that you say, but I go further. I say that if I were convinced that it would be impossible to secure the union of the English speaking race on any other terms than that the states under the British flag should apply for union as states of the American republic I would be prepared to take that step."

"He stopped in his walk, for he was pacing the room backward and forward as he talked, and said sharply: 'Say that again.'"

"I repeated slowly and with emphasis the declaration I had just made. He stopped for a minute and then said, 'Upon my word, Stead, I agree with you.'"

"From that moment the ideal of English speaking reunion, even if it could only be obtained by the merging of the British empire in the United States, assumed its natural and final place as the center of his political aspirations. The Rhodesian ideal, therefore, was the promotion of racial unity on the basis of the principles embodied in the American constitution."

Dr. Johnson's Appearance.

Dr. Johnson, who was extremely careless of his personal appearance, called at the house of a friend one night to induce him to call with him upon Goldsmith. The philosopher was spruce dressed, as neat in every way as any one could wish, and his friend, noticing the change, inquired why he had got himself up so spick and span.

"Why, sir," replied Dr. Johnson, "I hear that Goldsmith, who is a very great sinner, justifies his disregard of cleanliness by quoting my practice, and I am desirous this night to show him a better example."

## DRIVING COLD FROM SYSTEM

Most Effective and Harmless Way to Cure Severe Cold and End all Grippe Misery

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippe symptoms going after the very first dose. It promptly relieves the most miserable neuralgia pains, headache, dullness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

## THE CURIOUS TADPOLE.

Maybe He Turns Into a Frog and Then Maybe He Doesn't.

If a tadpole cannot get to the top of the water when it is at the time of life when it is breathing by means of its gills, like a fish, it will not become a frog. It will then always be a tadpole.

Keep a tadpole in cold water and in the dark or away from the light and it will be years getting to be a frog. Left to the course of nature, says Brown's Magazine, the tadpole becomes a frog in from six to eight weeks, although it will have been two years arriving at that chance to change into the mature frog.

The tadpole's mouth is so tiny that it would be difficult to insert a pin-head into it, yet it has horny jaws and a sharp, biting beak, with three rows of teeth on the upper jaw. A hood grows down and incloses the gills on the right side, leaving them open like a spout on the left side.

At this stage of its transformation the tadpole breathes like a fish, taking water through the gills into the mouth and spouting it out on the left side. Its tail is what the tadpole feeds on by absorption of the white corpuscles of the blood during the molting and moulting epoch in its life, when it is fasting. When it is ready to eat again the tail and the horny beak are gone, the wide mouth of the mature frog having taken the place of the latter.

There are forty species of frogs, only one of which is in South America. Australia has no frogs. Of all those forty species only one is edible—the Rana esculenta—and nowhere is this one more plentiful than in America, although that eminent naturalist St. George Mivart declares that the edible frog is unknown in America.

A frog that is common in France will mew like a cat if its thigh is squeezed and emit the odor of garlic. For this it has to go through life bearing the name of Pelobates fuscus. Most species of frogs will not take anything in the way of food that is not a living, moving thing or something with the semblance of life and will starve to death among a million creatures if none obliges the frog by moving.

## A Joke on the Artists.

Some years ago there was a colony of artists painting in a Maine village some twenty miles from Portland. All were enthusiastic admirers of Winslow Homer, and all, having had a go at the painting of rocks and sea and realizing how difficult was the task, betwought them of Homer, only twenty miles away. How refreshing it would be to have a glimpse of the man's work in his studio! Fully aware that it was not his custom to admit strangers, they ventured upon the pilgrimage to that shrine. They counted on his waiving the rule where it concerned a group that contained at least one full fledged national academician and several associates of that august body. They all went to Scarborough (Portland's Neck), put up at the hotel and sent him a joint note, signing their names and begging that he would receive them. When the messenger returned they read with dismay that Winslow Homer presented his compliments and begged to be excused from receiving "art students." The joke was so good that the story was given out in artistic circles.—Arthur Hoehner in World's Work.

Bladder troubles, rheumatism, Bright's disease and so on, come from bad, dying kidneys. They can't throw out the poisons.

Stop everything else you may be taking for your kidneys, bladder or rheumatism. Stop! Put your whole heart and soul in the following treatment and go to bed tonight never more doubting for a moment that you will be quickly relieved and saved.

Go to your druggist and ask him for Dr. Derby's Kidney Pills, nothing more. Every box, every pill is guaranteed. You will say it is the greatest remedy that man has ever found. Some of the most prominent men and women of the country believe in them because they have been cured by them.

Dr. Derby's Kidney Pills are safe, give no bad after effects. In the first 24 hours you will feel different, better. Dr. Derby's Kidney Pills are sold by all druggists—25 and 50 cents or direct from Derby Medicine Co., Eaton Rapids, Mich. If you want to test them first, just ask your druggist for a free sample package.

**Mock Suns.**

Mock suns are similar in point of origin to the mirages of the desert, only they occur in the arctic circle. As the long winter night of the polar region wanes once every twenty-four hours a slight glow is seen at some point on the horizon. Often accompanying this glow is seen the phenomenon of the mock suns. Several degrees up in the heavens as many as five of these spectral orbs have been seen at one time. Invariably they are all connected in a geometric figure, the suns seemingly bound together with circles and arcs of light. Often when only one appears it is mistaken for the real god of day, and natives rejoice at the early end of the long winter night only to be disappointed as the image disappears. The explanation of the phenomenon is given by physicists as refraction and reflection of light from the real sun below the horizon on the mists in the upper atmosphere.—St. Louis Republic.

## How To Cure Your Own Kidneys

A New Guaranteed Treatment. The Best That The World's Best Kidney Specialists Could Give You.

Here is the best remedy for your kidneys, backache, and the diseases that come from bad kidneys that the world's greatest brains can give you. Take advantage of it. Cut this out and keep it. If your kidneys are too far gone, nothing else may save you. It then rests with your Maker.

Now, if you have pain in the small of the back, at times or constantly, if the urine is profuse or scanty, if it is smoky or cloudy after it stands a few hours, or has a bad odor, or if you have pain in the bladder or a touch of rheumatism anywhere, the chances are almost 100 to 1 that your kidneys are clogged with body poisons of various kinds.

Bladder troubles, rheumatism, Bright's disease and so on, come from bad, dying kidneys. They can't throw out the poisons.

**Drying an Umbrella.**

An umbrella should never be opened in order to dry it, as the ribs get sprung, and it will never roll up neatly and tightly after once dried in this manner. Doing this will also prevent the cover by straining the weave unnaturally. The correct way to dry an umbrella is to stand it on the handle that the water may run off the points instead of gathering at the ferrule and thus rotting the material.

**Black Silk Stove Polish**

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish.

Used on sample stoves and sold by hardware dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish.

Best! Best! Best!

Made in liquid or paste—one quality.
